Re: C00304758/July Qtr. Report/'96

Dear Robin:

Thank you for your letter dated September 17, 1996 which we received September 20. We are pleased to see that your office monitors these reports.

Your review identified two possible contributions in excess of the maximum permitted by law. One contributor questioned was Jerry Sumners and the other was Woody Justice.

On 12/21/95 Mr. Justice made a contribution in the amount of \$1000 to the primary. On 06/25/96, he made a contribution of \$1000 for the general in response to a personal solicitation, however, he did not designate for the general on the check. On the date of receipt, we issued a letter requesting redesignation.

Prior to receiving the signed redesignation, a report was due to the FEC and it was submitted showing both checks as received in the primary. On 08/23/96 we received the signed redesignation within the sixty (60) day limit. Therefore, no violation has occurred. We followed the appropriate guidelines for soliciting, receiving and redesignating contributions in this situation. A copy of the redesignation is attached.

The second contributor you questioned is actually two contributors. For some reason, the report does not print out the "Sr." and "Jr." which would have more clearly identified the father and the son.

Jerry Sumners, **Senior**, made the following contributions:

04/20/96	\$1000	Primary
04/20/96	\$500	General
05/23/96	\$500	General

Jerry Sumners, **Junior**, made the following contributions:

06/27/96	\$1000	Primary
08/28/96	\$1000	General
